## IPMS Ipswich Newsletter – January 2014

As promised, this will be my last newsletter, so I would like to start by acknowledging a few people. First thanks to Kev Baxter for propping me up and making this newsletter more interesting, humorous, insulting and controversial than it otherwise would have been. The months where I had to fill in “thought bubbles” on my own never quite measured up to Kev’s standard, as you no doubt would have noticed. Aaron Scott came to the rescue on several occasions while I was away, providing excellent photo coverage at meetings and shows, so thanks for all the back-up there Aaron. Next I’d like to thank Steve Baldwin, whose timely submissions ensured you all stayed informed of the club’s monthly competition results. I’d also like to thank all the club members for simply showing up each month and keeping the club alive with your fellowship and some of the best models anyone is likely to see anywhere.

One of my goals when I initially took on the task of newsletter editor was to regain some old members back into the fold and recruit new members wherever possible. Despite the newsletter going out to both present and former members the club has not seen much growth over the past three years, the task being made all the more difficult by the closing down of two model shops in the Ipswich area. I’m not sure why some of the old members don’t show anymore. It can’t be that the club shows bias towards aircraft modellers, as a look at our monthly competition winners will confirm that we have a rich and varied subject matter base from within our membership. Even the competition itself is just a bit of fun. I don’t think any of us take it too seriously. I have often heard from potential new members that they feel their work isn’t “good enough” for a club. Nothing could be further from the truth. The fact that you are even interested in scale modelling is all that is required. Enthusiasm, not skills, is what matters most.

# IPMS Ipswich January 2014 Newsletter

Regardless of personal reasons why people choose not to join us, I accept the fact that the size of our club is what it is. I know there are more modellers out there, otherwise the Ipswich branch of WH Smiths wouldn't stock a mountain of model mags. By the nature of our hobby, we're an insular bunch. The internet makes it easier for us to remain insular because of the glut of forums and web sites that cater to every aspect of our hobby. With many ways to interact, such as group builds, we don't even have to leave the shed, should we choose. So I guess the trick now is just to hang onto the members we do have. If nothing else, it's good to get out of the shed once a month and give ourselves and our models an airing.

During our holiday meal a few weeks ago, Ian Balch expressed an interest in taking over newsletter duties and I quickly took that as an acceptance of the position, so good luck to you Ian! On that note, we are also in need of a club secretary as Bob Trimnell has decided to step down. So if you are interested, let Jan know during the AGM. As stated previously, I intend to put more effort into developing our web site which suffers due to the time it takes me to produce the newsletter (plus, despite all the nasty rumors, I do like to get some modelling done).

On to business. So far as I know, these are the following agenda items which need to be tabled at our AGM:

- Chairman's review - Jan
- Election of club secretary
- Financial report from Sonia
- Status of club stand display shelving – Jon Page
- IPMS Ipswich 2014 model show – Graham Lovell
- Shows/events we plan to support for 2014 (see events calendar elsewhere in this newsletter)
- Ideas for field trips (museum visits, model shops, etc.) Can club afford to partially subsidise?
- 2<sup>nd</sup> and 3<sup>rd</sup> Place and junior trophies for Model of the Year comp – Can we afford it, should we do it? Brian Wakeman/Steve Baldwin
- 2013 IPMS Ipswich Model of the Year comp results – Steve Baldwin

The next few pages contain a quick photo recap of last year's monthly competition winners. I am happy to say this is probably the most diverse selection of winners I've ever seen and is a balanced representation of the varied interests within our club. Please could the winners remember to bring along your entries to this month's meeting so that we can set about the difficult task of voting for the 2013 Model of the Year.

That's all from me.

- Mike

## February 8th 2014 - Nottingham MAFVA Open Day

**Venue:** The Community Room, Highfields Fire Station, Hassocks Lane, Beeston, Nottingham, NG9 2GQ

We hold our open meeting every February. We see it as an opportunity to invite our friends from near and not so near to come and share their work, have a chat, look at what everyone is working on and show off their latest and greatest. There is also our not -so- serious open competition and most importantly, the ladies providing food and drink. Donations from the food and drink go to charity, and thanks to everyone's generosity over a hundred pounds was collected for the firemen's benevolent fund at the last open meeting.

**Admission price:** Free

**Organiser:** Nottingham MAFVA, website: <http://nottinghammafva.weebly.com/our-open-meeting.html>

## February 15th 2014 - Fleet Air Arm Museum Model Show

**Venue:** RNAS Yeovilton, Ilchester, Somerset, BA22 8HW ( <http://www.fleetairarm.com/> )

Meet the Experts/ Kits Galore/Plastic Models/ Club Exhibits/ Trade Stands/ Planes/ Tanks/ Boats and much more! Ticket includes full access to Europe's No.1 Naval Aviation Museum - go on board Concorde and see the amazing Aircraft Carrier Experience. Advance tickets available from website or Museum Shop. Doors open 10:00am

**Admission price:** See website for details

**Organiser:** FAA Museum
