Mad Max Contest at Bridgetowne: Winner was Bruce McKinney

Bruce McKinney's 1/25 AMT Ghostbuster 59 Cadillac Wagon transformed into his "Mad Max" entry that he call a Zombie Finalization Vehicle which includes a flame thrower, and other anti-zombie defense weapons.

Message from the Editor

Random January Thoughts

By Larry Randel

After surviving the holiday season, January is a time to to cover.

- Holiday Party on December 10, 2013 had 43 people in attendance (29 members and 14 guests). Food cost was \$698.05 A fun time was had by all (I managed to come even though I was suffering from flu/food poisoning).
- White Elephant Exchange at the December Bonus meeting saw 20 models exchanged. For a change I did not end up getting 5 models stole from me during the night. e. With the usual stealing along the way for fun
- It is that time of year again for OHMS membership renewal for 2014. Dues are \$15 for adult membership, \$10 for junior (under 18), and \$20 for family membership. You can either pay using cash or check (payable to OHMS). You can pay Larry Randel starting at any of the early meetings in 2014. Also if

you have had any address, phone, or e-mail changes please let us know so that the roster can be updated.

- Model of the Year co-winners for 2013:
 - From the April contest: Bill Chilstrom won for his DML 1/72 "Red Sun Rising" Japanese WW II Diorama with scratchbuilt figures and trees.
 - From the November contest: Bob Windus won for his 1/48 Eduard FW-190A-8.

That's about it for now. See you all at Tuesday's meeting on January 21.

December 17 Meeting Notes

Graciously compiled by club secretary

Bruce McKinney

Meeting called to order at 7:25 pm by President Chris Binnett.

This was your bonus meeting for the month of December. There was no additional charge for this meeting. FREE!! BONUS!!! So...let's get to the "meat" of what your BONUS meeting contained:

No new members or guests were present tonight.

Congratulations went to Bill Chilstrom for his "Model of the Year" nomination at the December OHMS holiday banquet. Congratulations would have been offered to Bob Windus as well - as both Bill and Bob actually tied in votes for "Model of the Year" but Bob was not present at our BONUS meeting. Congrats to both Bill and Bob!!!

Reminder that the always well attended and highly anticipated yearly OHMS auction will be in the month of February. Plan on bringing down your UNBUILT and COMPLETE kits that are contained in your massive stash and have been labeled "I'll NEVER get around to building that...wonder why I bought it"?? More about the auction at our January club meeting I'll bet!

Club officers' election have been postponed until the January meeting. If you are interested in filling a post - now's the time to submit your desires. At this point, Chris has elected to put his name in for a repeat term as "El Presidente". Garth Didlick has had enough of the political backstabbing within the hallowed walls of OHMS corporate headquarters and will step down as Vice President. Club Secretary, Bruce McKinney (me) has put my name in for the VP spot, which means the secretary position will need to be filled by one of you. Please, don't hurt each other on your rush to the ballot box. Larry Randall will remain as basically the "everything else, treasurer, club historian, records keeper and foundation glue position" that he has held since dinosaurs roamed the earth and no one else in their right mind would even want to try and tackle

The "basics of weathering" seminar scheduled for the December build night was cancelled because a semi truck driver could not negotiate the I-405/I-5 split. SERIOUSLY!!! So, due to the overwhelming outpouring for this seminar to happen, it has been re-scheduled for the January Build Nite which - according to Karen's "smarty phone" happens to be January 7th. Start time will be 7 pm as previously planned. Bruce McKinney (me.....) will be conducting this seminar. Please bring safety goggles, heavy work gloves, steel toed work boots and a hard hat as we will be working with hot metal and heavy machinery.

"MAD MAX" car entries are now on display in the tall and shiny display case at Bridgetown. Members were

encouraged to drop their ballots in the "Peoples Choice" box tonight. The highly paid judging staff will be making their selections for winners in a week or there about's. With us all terribly excited about this MAD MAX contest, Chris suggested we consider a "group build" entry for the Renton (Seattle) Regional Show in April 2014

Model contest started at 7:35pm. Entries were lite due to our "White Elephant Gift Exchange". By 8 PM were done reviewing entries.

The always fun White Elephant Gift Exchange" began at 8:15pm. There were some happy recipients of some of the White Elephant models and some not-so-happy recipients. Those not-so-happy models will mysteriously appear at the OHMS auction in February. It was another Spitfire model that generated the most hair pulling and fist fights. It always seems to be a Spitfire.....

Meeting and White Elephant ended at 8:40 pm.

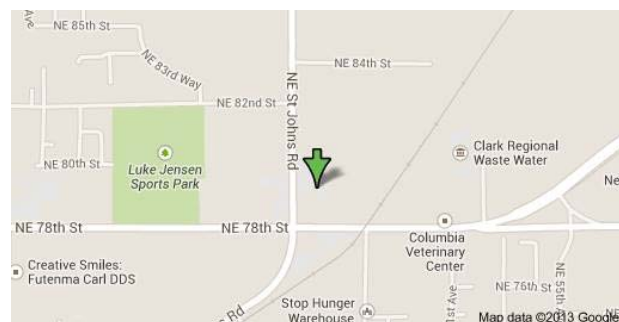

J&S Hobbies and Crafts

Hi Gang,

Shellie and I opened J&S Hobbies and Crafts in November 2013. Please come on out, and check out the Scrapbook supplies and models. As you already know my model kit prices are very discounted. Our address is 7811 NE St Johns Rd Suite B, Vancouver, WA. 98665

Cheers

John Geigle

- August 19, 2014 – OHMS monthly meeting. Monthly contest. 7:00 p.m. to 9:30 p.m.

Official Evergreen Museum News

By Stewart Bailey

As of midnight, December 31, 2013, Evergreen International (the museum's parent company) was forced into bankruptcy by its creditors and ceased operations. The Evergreen Aviation & Space Museum / Captain Michael King Smith Education Institute is a separate, section 501(c)3 non-profit, educational public charity and is not included in the actions against Evergreen International. The museum remains open, is financially viable and is continuing operations.

Unfortunately, certain services including human resources, payroll, information technology and network services were "piggy-backed" onto the Evergreen corporate system, and the Museum is in the process of transferring those services to its control. This action is currently taking up a lot of the Museum's time and resources, although we expect to complete the process within the next couple weeks.

We continue to maintain our normal open hours, our full staff and corps of volunteers. While you may hear or see media reports of aircraft being sold from the collection, these aircraft are the personal property of Evergreen International founder Delford M. Smith, and are on loan to the Evergreen Aviation & Space Museum. Although the Museum is saddened at the possible loss of these artifacts, we understand that they are the property of Mr. Smith and we have no control over what happens to them.

On behalf of the staff, volunteers and board of the Evergreen Aviation & Space Museum, I want to thank you for the support you've shown in the past, and we look forward to a long and prosperous partnership in our work to inspire and educate the public about aviation and spaceflight.

I am planning to be at the meeting on the January 21st and will be happy to give a full briefing and answer questions on what's going on. (or at least as much as I know...).

As for the contest, I am fully confident that we can do it on September 20th if the club wants to go forward with that date. I can understand the concern on the part of the group, but I'm sure the next couple months will bear out that the museum will survive and go on. We probably will have to stop the steady stream of new airplanes coming in, but other than that, it should be business as usual.

See you at the next meeting... and I'll even have two finished models to bring!

December Meeting Pictures:

Meeting statistics:

- 4 Adult models
- 0 Junior Models
- 1 In-Progress/Display Only.

Gold: Nolan Doyle's 1/250 Revell USS Olympia.

Silver: Karen Roth's 1/72 M-3 Halftrack and Amphibious Jeep.

Bronze: Brad Dutter's 1/25 AMT '39 Ford Tudor Surf wagon.

John Russo's 1/18 20th Century Toys (rebuilt) F-6-F Hellcat.

An attempt at a composite pictures of the 20 models up for exchange at the December bonus meeting

Bruce McKinney shows off the creative box that attracted him to pick this gift for his initial pick. However, the tank box did not contain an actual tank model. Luckily he was able to get it stolen and eventually he did end up with an actual tank model.

Display model and a resin mold making set on display at the December meeting.

Facebook Comments relating to the Build Night Weathering Demo by Bruce McKinney

1/12/14 from OHMS FaceBook Page

Bruce, Thanks for the seminar on weathering. I got all fired up and added Michael's to my Saturday errands. They tried their best to put the fire out. They didn't have the pastel set you were using and the smallest oil set was 6 tubes for \$30. Just as I was starting to figure out to how save up for the oils, I found Christmas gift sets on an end cap, 12 small tube of oils for \$5, and a pack of 36 pastel sticks for another \$5. All I need to do now is to get a model finished enough to weather....

"The Scribed Line" is a monthly publication of the Oregon Historical Modelers Society (OHMS) to inform the membership of club events, discuss club business, and promote the hobby. OHMS is a non-profit organization dedicated to having fun and serving the modeling community in Portland, Oregon. OHMS is a chartered chapter of the International Plastic Modelers Society (IPMS).

2014 NorthWest Scale Modelers Show

Time: Saturday, February 8, 2014 - 10:00am - Sunday, February 9, 2014 - 5:00pm

Event Type: Public Program

Location: Great Gallery

MODEL DISPLAY: Explore the world in miniature at the 2014 NorthWest Scale Modelers Show at the Museum of Flight. See hundreds of detailed scale models of all types at the largest model show in the NorthWest!

SPECIAL DISPLAYS: There will be a special display of models marking the 100th anniversary of the start of WWI. Another display will highlight the important role women have played in the history and development of aviation.

MODELING SEMINARS: Free modeling seminars will be presented at the museum's Murdock Theater on Saturday and Sunday. Learn new modeling techniques, whether you are expert or novice.

FREE MAKE AND TAKE: Children aged 6 to 16 can build their own models under supervision of experts from NorthWest Scale Modelers and take them home. All models are provided courtesy of Galaxy Hobby (Saturday) and Skyway Model Shop (Sunday). The Make & Take runs approximately 10 a.m. to 2 p.m. and is first-come/ first-serve, so arrive early!

Events are included with Museum Admission and are Free for Museum of Flight Members.

For information about the show and Northwest Scale Modelers visit <http://groups.yahoo.com/groups/northwestscalemodelers>.
