September 2014

## Meeting Info

The next Patriot Chapter meeting will take place on Friday, September 5, at 7:30 p.m. at the First Parish Unitarian Church in Billerica, MA. The church is located on Concord Road, just as it meets Route 3A (Boston Road) at the Billerica Town Common. The September meeting will be a build session with a business meeting, Show-and-Tell, and a raffle.

Bill Michaels did this lovely build of the recently released and very nice Airfix 1/72 Tiger Moth. Bill added aftermarket seat belts and painted the model with Tamiya acrylics. He used the kit decals for G-ACDC, the oldest Tiger Moth still flying today.

## Show-and-Tell Gallery

Richard Price's 1/32 scale Spitfire Mk. XIVc (Pacific Coast Models), built OOB and painted with Model Master enamels. Richard adds, "The kit includes resin cockpit, wheels, wheel wells and exhausts, an Eduard photo-etch set, and decals from Cartograph."

Frank Moore's restoration of a Monogram 1/32 scale Flakpanzer IV Wirbelwind using styrene sheet and rod and wheels from an Academy kit. Paint is Tamiya and Testors acrylics. Decals, from SuperScale, are for the Groos Deutschland Panzer Division.

Tony D'Anjou's 1/24 scale 1967 Plymouth GTX (Revell), built OOB and painted with Model Master enamels. Tony used Bare Metal Foil for the chrome and a cat whisker for the radio antenna. Tony adds, "The rear quarter windows were way oversize."

## Show-and Tell-Gallery (continued)

Four groups of 1/100 wargaming tanks built by Bill Michaels, all OOB and painted with Tamiya and/or Model Master acrylics and weathered with assorted washes, with decals from Flames of War. All the Zvezda tanks are snap kits with five pieces each. The Plastic Soldier tanks are regular models with 15 pieces each.

Top: Soviet T-26 Light Tank platoon (Zvezda)  
Upper Middle: Panzer 38t platoon (Zvezda)  
Lower Middle: Panzer III Gs (Zvezda)  
Bottom: Panzer III Fs (Plastic Soldier Co.)

## Show-and-Tell Gallery (continued)

Pip Moss's 1/48 scale A6M3 Zero model 32 (Hasegawa). He used an S.B.S. resin set and an Ultracast seat for the cockpit; otherwise the build is OOB. For the exterior gray-green, he mixed Model Master enamels to get as close as possible to FS 16350: 1 1/2 teaspoons of SAC Bomber Tan (34201), 1/2 teaspoon of RLM 02, and 1 drop of Insignia Red. He used that mix with Floquil Cement added for the fabric control surfaces. The cowling is Mr. Color Cowling Color. After post-shading, he misted on lightened versions of both colors to the top surfaces to fade, followed by MicroFlat clear coat. This plane was only in service for 21 days between its delivery to Lagunai Airfield (Rabaul, 2nd Kokutai) on 8/6/42 and its crash landing at Buna airfield (New Guinea) on 8/27/42.

Frank Moore's 54mm vignette, "D-Day: the Day After" (Andrea Miniatures), built OOB and painted with Tamiya and Testors acrylics.

Bill Michaels' 1/144 scale Il-2 (Zvezda), built OOB and painted with Tamiya acrylics. This 12-piece snap kit is designed to be used as part of the Art of Tactics 'Barbarossa 1941' wargame.

## Show-and-Tell Gallery (concluded)

Frank Moore's 1/48 scale conjectural P-400 (Monogram), based on the aircraft named "The Ruby Goldberg Special." Paint is Tamiya and Testors acrylics; decals are from the kit and SuperScale. Markings are for the 36th FS.

Two in-progress restoration builds by Frank Moore. Above, P-38 E/F (Monogram). Below, P-40B/C (monogram) in markings for AVG. Paints are Tamiya and Testors acrylics.

## Contest Rules

1. The contest is open to all registrants of the Patcon show. Proxy entries are allowed when entered under the name of the builder with appropriate fees paid. Entries must be made in person or by proxy between 9:00 am and noon on the day of the contest.
2. Each entry must be substantially built and/or painted by the entrant. Die casts, pre-painted and promotional models will not be eligible for competition in Categories 1–36. Pre-painted models are allowed in the Juniors category.
3. In addition to the requirements stated in the category description, judging will be based on the modeler's demonstration of basic modeling skills and, where appropriate, reasonable historical or factual accuracy, as outlined in the IPMS Competition Handbook. If your model is of a subject or version not generally known, or requires special knowledge to evaluate, please provide suitable documentation with your entry to assist in judging.
4. Models that have won awards at a previous Patcon contest are not eligible for competition.
5. Caution: Contestants who remove their models from the contest tables before judging is completed risk not having their models judged for certain awards. If your travel plans require early departure, please inform the Head Judge no later than 1 p.m., and we will attempt to accommodate you.
6. Award winners must be present, or have a designated person available, to accept awards. Due to the high cost of mailing, no trophies will be mailed to winners without a prepaid, non-refundable fee of \$5.00.
7. The judges may add, split, combine or delete categories as necessary for fair competition. These decisions will be made only after registration has closed.
8. The Patcon staff reserves the right to remove from display or from competition entries which it deems offensive as determined by the Head Judge, President and/or Contest Chairman. In the event a model is removed from competition, the entry fee for that model will be refunded.
9. First, second and third place prizes will be awarded (numbers permitting) in each category except Juniors. There will be no sweeps: only one place award per person per class. Special awards are not considered part of a sweep.
10. The Juniors category will be judged using an open system that will award one of three prize levels—gold, silver, bronze—to each entry.
11. During judging, some judges may find it necessary to pick up a model to inspect it more closely. If a modeler does not want his/her model to be handled by the judges, he/she must clearly note this on the entry form that accompanies every model in competition.
12. To facilitate judging, models in display cases will not be allowed without permission of the Head Judge.
13. Models may be displayed on bases, but only the model will be judged unless the entry qualifies as a diorama, vignette, or single figure. If displayed on a base, it is strongly recommended that the model be firmly attached. Please note on entry form if the model is not attached to the base.
14. Entries may be displayed with nameplates, spec. sheets, etc., but the modeler's name should not appear on the display.
15. Vignettes are figure-centric and should be composed of two to five interrelated figures. Vehicles or other objects may be used, but should take up less space than the figures.
16. Patriot Chapter reserves the right to use photographs of contest entries for future publicity materials.
17. Patriot Chapter will not be responsible for lost or damaged models at, coming to, or going from the event.
18. Decisions of the judges are final.
